Image Guided Radiotherapy in Clinical Practice

Cost: £500 full delegate £1200 Group booking of three participants

Thursday 8th - Saturday 10th February 2018

Venue: The Education and Conference Centre, Stewart’s Grove, SW3 6JJ

Delegation: Clinicians, physicists and radiographers to develop programmes for the clinical implementation of image guided and intensity modulated radiotherapy.

Cost: £500 per person. A special offer of £1200 is available to cover a team of three participants from the same centre. There is a discount for current staff working at the Royal Marsden and The ICR.

Topics to include:

Day one: Introduces multi-modality and functional imaging for the delivery of complex radiotherapy, as well as an introduction to the principles of IGRT. A clinically focused session will also be included. Planning techniques to be discussed include IMRT, VMAT + RapidArc planning and delivery. 2D, 3D Conebeam and KV-MV imaging, Marker tracking, together with an introduction to adaptive radiotherapy.

Day two: Lectures on Head & Neck clinical trials, Breast IMRT and radiobiological considerations in IMRT including hypofractionation will start the day. ICRU margins and volumes and clinical guidelines for contouring will be discussed in detail. There will be clinical sessions on the use of IGRT in clinical trials for different sites. The day will finish with a discussion and cheese & wine.

Day three: Practical hands-on sessions on contouring supervised by oncologists. Demonstrations on treatment machines cover relevant quality assurance for IGRT and image capture, matching for 2D + 3D methods, dosimetry and fluence verification, patient set-up and immobilization procedures.
Image Guided Radiotherapy in Clinical Practice Course:

Date: 8/2/2018 – 10/2/2018

Please complete details clearly in block capitals as this information is used to aid registration and prepare event materials.

Profile

Prof/Dr/Mr/Ms/Mrs/Miss:
Surname: __________________________________
First Name:_________________________________
